

Get ready to get going to know what our little ones learned during the transportation theme!

A very popular theme amongst our young ones as this topic lends itself automatically to their 'everyday lives'. Children love activities that include playing with all types of vehicles such as cars, trucks, airplanes, and many more. They walk or drive to school, have seen or taken an airplane to go on vacations. This natural interest in transportation is something that they experience in their daily lives and it brought life to the theme to our students

Awareness about safety rules and traffic rules like the traffic lights, zebra crossing, etc was exposed to our little ones. They also learned the different modes of transport through various rhymes, songs, and related worksheets. Children shared their experiences about transportation in their daily lives. Roleplay of sailing the boat in the water was done which made this theme one of the memorable ones!

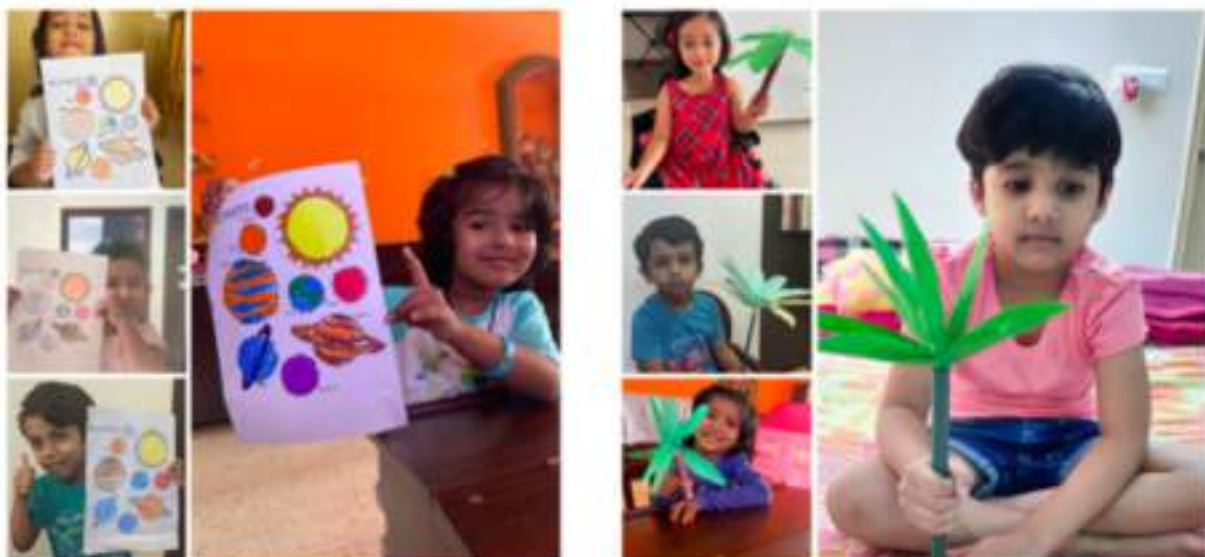

Our creative children also made crafts which included a model of a school bus, a model of ancient transportation (Hand-Pull Rickshaw), and A mode of Air transport (airplane). Through these crafts, learning had been engaging in a lot of fun.

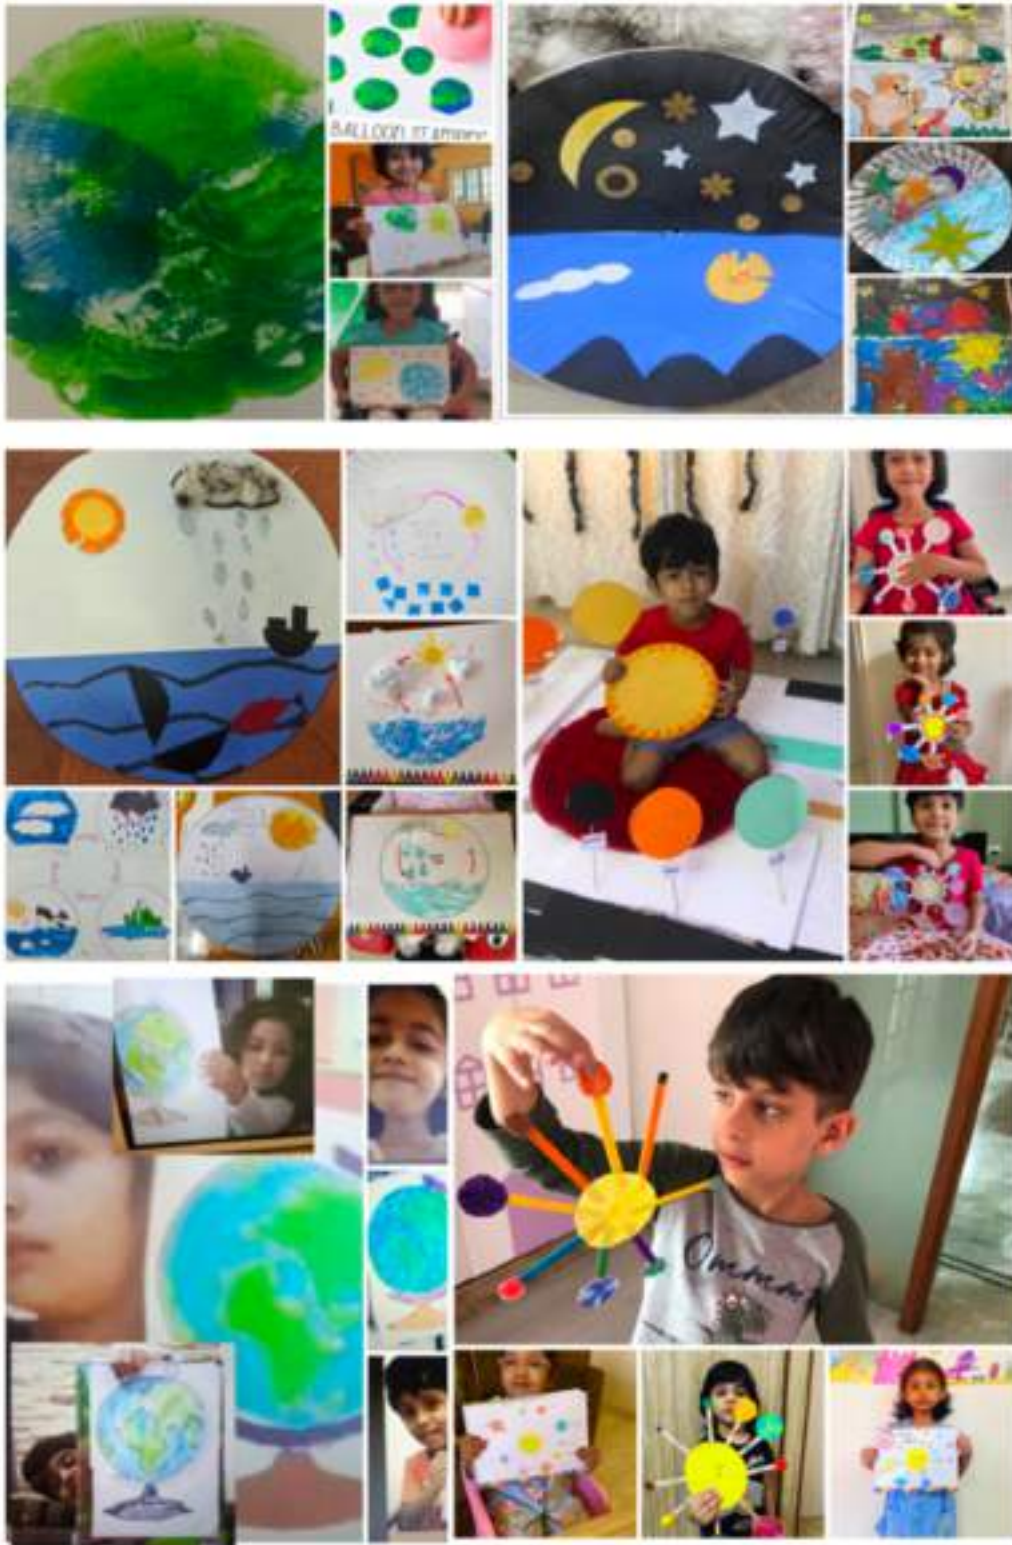

Earth is the only planet of the solar system that provides all the necessities required to survive

We are now fast approaching the final stretch of our school year. In this theme 'Wonderful World Around Us', our children understood about planet 'Earth' by exploring creatively & imaginatively using simple props in an unstructured way. They also experienced a great sensory touch as they used their hands to manipulate the paint and balloons to create an imprint of our planet 'Earth'. (balloon stamping).

They were also told the difference between day & night through various crafts and videos and discussions about the activities they do during day and night.

Our little ones also learned about the solar system and the names of the planets. They were encouraged to do a craft on Our Solar System. They were taught about the water cycle, the 3 Rs, and about planting trees through rhymes and crafts.

Overall, it was a great theme for our little ones. They were very curious to know about each fact based on this theme.

Graduation Day (FS2)

Children are the symbol of innocence, love and happiness. And to spread that happiness, a special virtual assembly was organised to recognize each child. It was a happy and proud moment to congratulate these little wonders on their graduation day.

The FS2 students have completed pre-school and are headed to elementary school. This is certainly a mile stone for any child.

Happy Summer Vacation

My dear students, have a nice summer holiday. Eat lots of summer fruits and have fun with your family. May this summer brings lots of happiness to you. Happy summer vacation my dear students. You all worked hard in the past few months, and it is time to have a refreshing vacation. So, have a playful summer with your family.

Stay home and stay safe. Have a nice summer break.

Language acquisition week

दिनांक 1-03-2021 से 5-03-21 तक हमारे विद्यालय में भाषा अधिग्रहण सप्ताह मनाया गया। इस दौरान बच्चों को भाषा से संबन्धित कई प्रकार की आवश्यक जानकारी दी गई, जैसे –(1) भाषा की आवश्यकता (2) भाषा का महत्व (3) विचारों को अभिव्यक्त करने के प्रकार आदि। विश्व में सर्वाधिक बोली जाने वाली दस भाषाओं के साथ साथ भारतीय भाषाओं व बोलियों से संबंधित जानकारी भी दी गई। इस दौरान 5-03-21 शुक्रवार को एक विशेष सभा का भी आयोजन किया गया जिसमें बच्चों ने बढ़ – चढ़ कर हिस्सा लिया। इस कार्यक्रम में बच्चों ने संस्कृत, कन्नड व हिन्दी में रोचक कार्यक्रम प्रस्तुत किया गया। संस्कृत के श्लोक प्रेरणादायक थे, वहीं कन्नड की कविताओं में अच्छी आदतों के बारे में बताया गया। हिन्दी में बच्चों द्वारा विश्व की भाषाओं से संबन्धित जानकारी बहुत ही रोचकता के साथ दी गयी। छोटे बच्चों द्वारा प्रस्तुत किया गया श्लोक, गीत व काव्य पाठ ने सबको मंत्रमुग्ध कर दिया।

PI- Day Assembly

Students of grades 5-9 celebrated Pi day on 10th March 2021 as a part of virtual assembly. The assembly started with a prayer and a thought of the day. The topic of the special assembly-- "Pi Day" was introduced by the students. The facts of "Pi" were told to all participants. Grade -5 students did activity of finding the value of Pi by using the circular objects available at home, the video of the same was shared with all. The digits in the value of PI are so many that it is difficult to memorize, but a couple of students accepted the challenge and tried to recite as many digits as they can. The wonderful quiz based on π was also organized and most of the participants had a great fun with it. Finally, how is it possible to celebrate PI Day without baking a Pie? One of the students baked a delicious Apple Pie and that video was shared in the assembly. It was a Happy Pi Day with all, which ended with our National Anthem.

Megathlon- Virtual Sports day 2021

At Nalapad we maintain that sports are as intrinsic to a child's growth & development as the academics. Virtual Megathlon 2021 thrived on the high spirits & bustling energy of the little Nalapad stars. A distinct feature of this sports day was the activities performed by the teachers & the ever-supportive star parents of Nalapad Academy. This enthralled the children even further. Watching their parents & teachers perform was a booster to their own unceasing energy. Spirit of sports is not confined to large spaces & we manifested this through our rigorous at home activities designed keeping in mind the current pandemic safety regulations. they ranged from puddle jumpers to relay race, marble in the spoon race to making pyramids with paper glasses, bowling into the bucket to yoga display, so on.... Their energy was intact throughout the show making it an ever-successful sports day.

The Management, Principial, Staff,
Students & The Nalapad Academy team request you to
join us at our fun-filled & super energetic

Little Authors Day

Virtual Little Author's Day in Nalapad Academy was celebrated on 18th March 2021. It is one of the highlights of our year. The students were inspired to write creatively and illustrate. Taking turns each student got a chance to read their wonderful, fantastic, colorful fiction and nonfiction tales. For more fun, at the end of each reading session it was time to discuss what happened and what everyone thinks about it. We appreciate the budding authors for their valued writing.

Rhapsody -A Musical Reverberation

There is a flickering spark in us all which, if struck at just the right age...can light the rest of our lives, elevating our ideals, deepening our tolerance, and sharpening our appetite for knowledge about the rest of the world. - Ronald Reagan, former President of the USA

The above quote resonates with our vision. As visionary educators at Nalapad Academy, we have encouraged to nurture & cultivate the knowledge and skills in our students in order for them to be balanced, creative and progressive members of society. Mediums chosen are varied in nature, but the fundamental goal is to motivate every child to actively participate in these activities. March month, what came to forefront is music. Music is maintained & promoted as a vital component in our elementary & secondary education.

To mark the last assembly of the year, school organized Rhapsody – Season 1, a musical reverberation. An event where students participated by submitting their music videos and the same were played during the assembly. A musical platter had patriotic songs, western instrumental, vocals and beat boxing too.

The highlights of the program were hosting Ms. Shiny H, a western vocalist and lead singer of their band, whose voice swayed the audience.

Another highlight was hosting a young musician (14 years old), who plays keyboard like a pro, composes and is a part of seasoned band. He played song- pieces and other participants keenly guessed it followed by quiz and fun-some musical riddles.

School celebrated the spirit of encouraging the efforts of the children and appreciate their achievement. Principal Ma'am gave a very encouraging talk to consider music as a major subject.

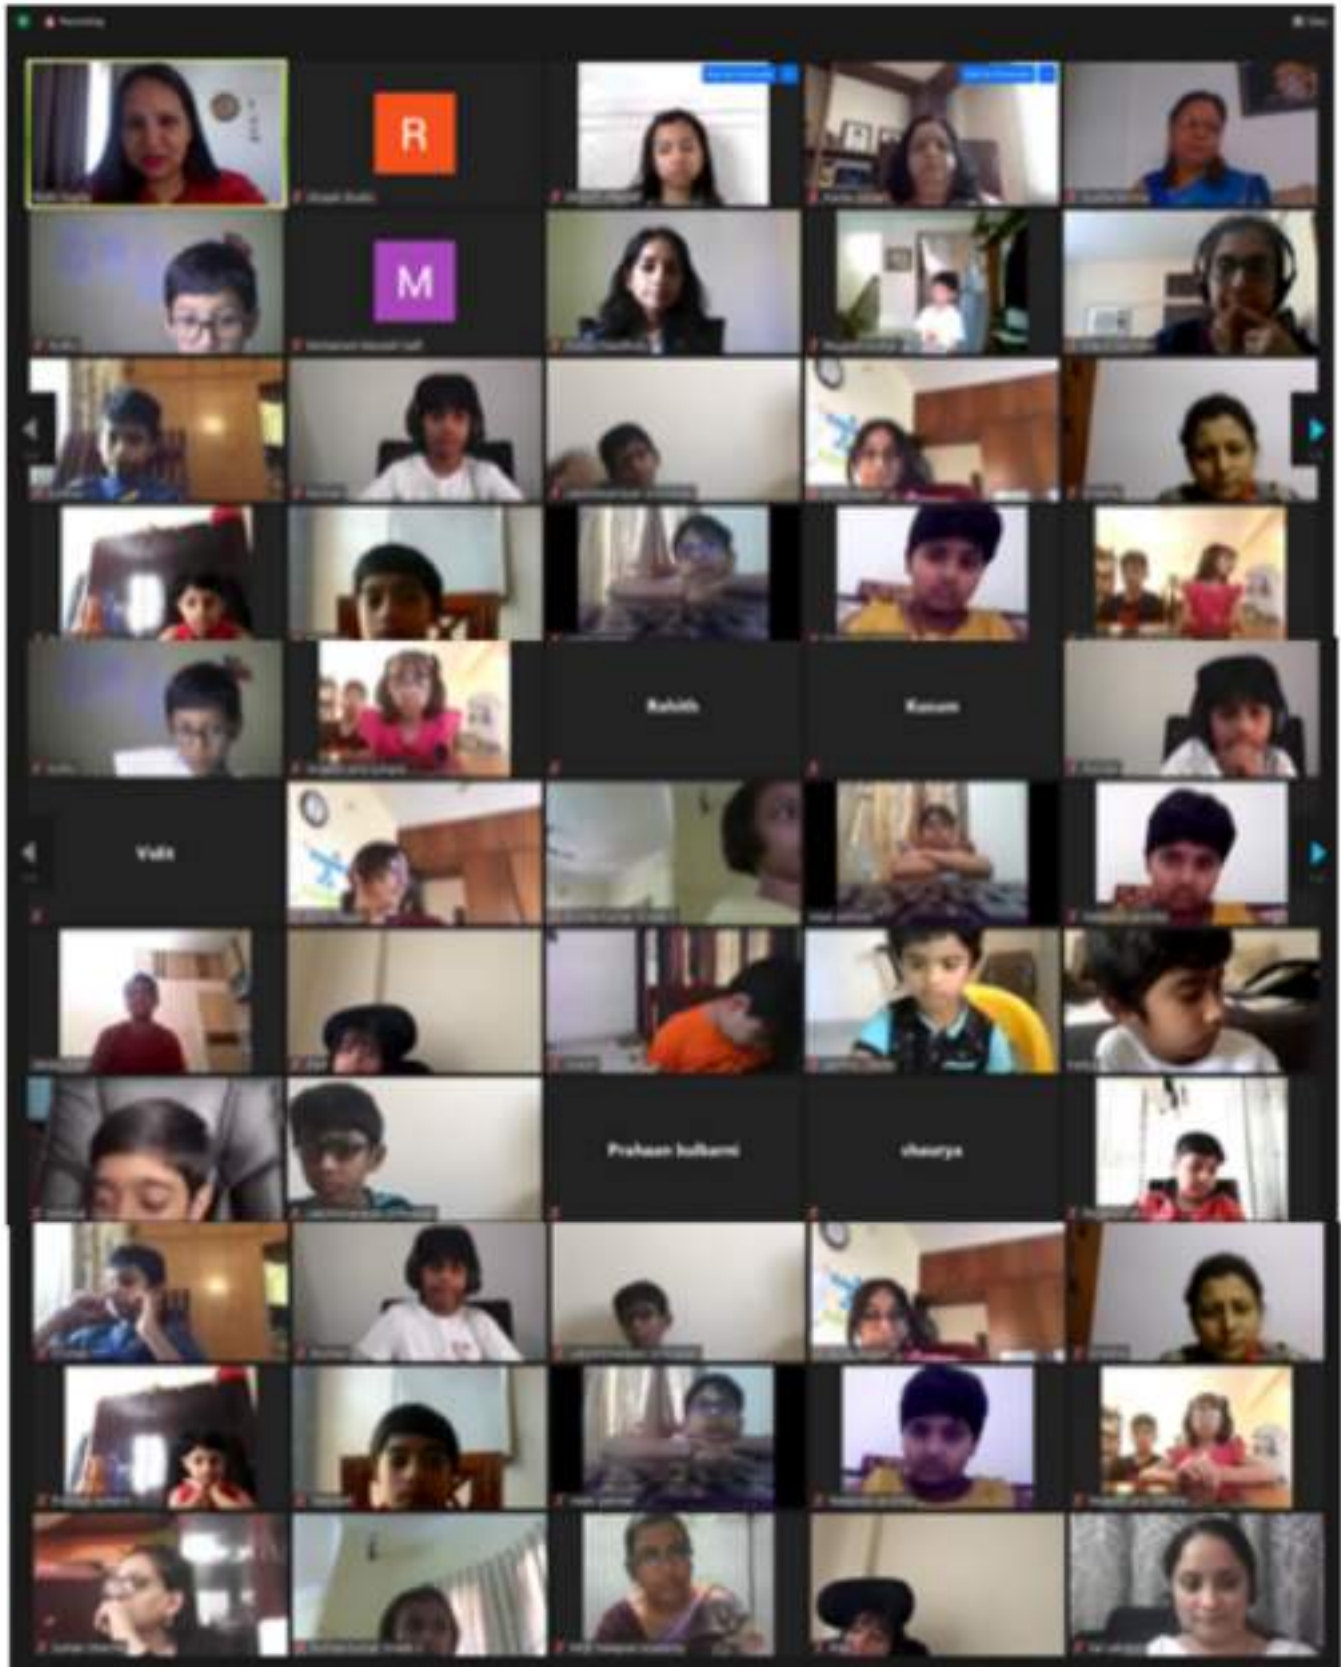

Albert Einstein – the greatest physicist of the century was an accomplished musician. Einstein used music as a gateway & means to reflect upon and create some of his major inventions.

An overall enthralling event; children and faculty exhibited their musical brilliance.

And why not, after all

Music, which is the soul of our school, which came to life at the annual Music event organized by the music department of the school to bring out the students' musical talent to the fore. Nalapad Academy is always excited to host such events.

Stay safe, stay healthy!

End of the year class party- Primary

It is a celebration time! Can you believe it? We have come to the end of this crazy year! All the Children have been so resilient and have gracefully accepted all the changes! They definitely deserve a party to wrap this year! Virtual class party for the grades 1-5, was held on 15th April 2021 at 10am. Each grade had a theme and children dressed up accordingly. Few games were organized by the form tutors and children enjoyed, playing, eating and chit- chatting with their friends. These true spirits and positive vibes, once again proved that at Nalapad Academy we maintain social distance physically but we all are connected emotionally with each other. Thanks to technology!

All the best children and see you all in the next Academic year! Have a refreshing summer vacation. Eat, Play and learn new things every day. We are eagerly waiting to hear your summer vacation stories.

Stay safe! Stay healthy!
